COUNTERTOPS & ISLAND TOPS

KCT1019
ULTRA PREMIUM
Kitchen Countertops/Island Tops - (KCT Models)

Built on a history of over 130 years of American craftsmanship, Boos Block® surfaces fill your kitchen with timeless tradition in countertop appearance while maintaining a natural food safe element for food preparation. Ultra premium countertops are manufactured with full length continuous rails from our choice selections of American hardwoods. Standard models ship with our antimicrobial oil finish. Optional finish: varnique conversion varnish. Care and maintenance: soap and water clean-up. Revitalize with our antimicrobial Boos Block® Mystery Oil a minimum of once a month (depending upon the use and household conditions). Use our antimicrobial Boos Block® Board Cream to seal the surface after oiling. (Note: Countertop photo branded - countertops/islands do not come standard with Boos Block® brand. Boos Block® brand available on countertops upon request only.)

END GRAIN ISLAND TOPS
Kitchen Countertops/Island Tops - (BBIT Models)

Easy on the eye, easy on the knife - Boos Block® End Grain Island Tops are made up of many little squares of wood, cut and stood on “end”. This unique island top reveals the best of the natural elements in the hardwood grain. Island tops ship standard with contrasting walnut plug facades and the Boos Block® brand. Standard models ship with our antimicrobial Boos Block® board cream finish and radius edge. Optional finish: Varnique conversion varnish. Care and maintenance: soap and water clean-up. Revitalize with our antimicrobial Boos Block® Mystery Oil a minimum of once a month (depending upon the use and household conditions). Use antimicrobial Boos Block® Board Cream to seal the surface after oiling.

WOOD CARE & MAINTENANCE

Boos Block® Mystery Oil - Antimicrobial
Boos Block® Antimicrobial Mystery Oil contains all natural food safe ingredients. The oil penetrates deep into the grains of the wood to protect and revitalize the wood fibers. Applying a generous amount and letting it sit overnight, will help reduce dryness to your wood surface. Wipe off any excess in the morning. Do not over oil your wood products. (Available in different sizes.)

Boos Block® Board Cream - Antimicrobial
Boos Block® Antimicrobial Board Cream is recommended to be used in conjunction to the Boos Block® Mystery Oil. The Board Cream contains unbleached beeswax and food grade mineral oil. The higher wax content provides a long lasting moisture barrier that is perfect for periods of storage or light use.

Boos Block® EZ-DO
EZ-DO is a polyurethane gel that is a perfect match for varnique finish butcher block products. It can also be used to convert a penetrating oil finish top to a varnique finish. Seals and protects wood surfaces in one easy step. Makes repairs and fabrication a fool-proof operation. Easy to apply and fast drying. Water and alcohol resistant. Non-toxic, lead free. Self leveling, no runs, no lap marks. Sold in case lots only.
