NOW AVAILABLE! ORDER TODAY!

The John Boos Hands-Free Sanitizer Dispenser and Stand provides a quick and easy hand sanitizing solution. The free-standing, touchless sanitizer dispenser, with a heavy-duty cast iron base, is integral for use in many establishments such as businesses, restaurants, schools, hospitals, and airports. The battery-operated dispenser mounts easily to the universal mounting plate with screws or double-sided tape. It also includes a power switch to help save battery life. Stand and dispenser sold separately. Contact us to order yours today!
